**WHY DENY YOURSELF THE BEST IN MOTOR CAR BODIES**

The finest of the new cars in all price classes have now been announced—Cadillac, Buick, Chevrolet, Oakland, Oldsmobile and Pontiac.

All offer vastly greater values than ever before in motor car history.

All register amazing advantages in performance and ease and economy of operation.

But the greatest factor of their new glory is described in a single phrase—Body by Fisher.

Here is their supreme beauty—setting absolutely new standards in charm of design and interior fitting.

Here are unequalled factors of safety which add so much to your comfort and confidence.

Here are exclusive conveniences and niceties which do, indeed, make the car with Body by Fisher superior in its class.

No matter what mechanical developments may allure you, it is the body of your car with which you live most intimately—that is why the General Motors units, makers of the best of the new cars in all price classes, point so proudly to the emblem—Body by Fisher.

With the finest of the market to choose from there is no reason why you should deny yourself the greater safety, beauty and comfort which only a Body by Fisher can give.

PLAN TO MOVE INTO NEW BUILDING IN SHORT TIME

Purchase Local Stock Good Will of Branch Furniture Store

LEASE LARGE BUILDING

Undertaking Parlors To Remain in Same Rooms for Present Officials Say

The H. Schaffner Co., 133 Main St., today became the owner of the local stock of the Hoover Rowlands Co.

In the not far distant future owners will move their stock to the new building.

That, in brief, is the story of the most important commercial action in the history of Marion.

The Hoover Rowlands Co. has been one of Marion's most prominent business enterprises.

Its establishment here nearly a score ago, it has attracted the sphere and retired from the business field after having built large and fruitful patronage.

Coincidence

It is something of a coincidence the purchase was made upon the anniversary of the opening of the business of the purchasing agent.

Since 1866 the name of Schaffner has been associated with the most dependable furniture in the city.

When the late Henry Schaffner, representative of the organization manufactured as a whole in furniture, and has also been the present head of the name, Frank Schaffner, was with his father in the business.

The present management knows more from both the manufacturing and selling angles. Later, however, manufacture of furniture was discontinued.

Since the grandson, United States, has become active in the business, the name has been associated with the most dependable furniture in the city.

Household furnishings have been until the stock has become a complete and most complete in the line of the state and its spare have so grown that the present of the establishment is deemed adequate.

Leases Building

The acquisition of the new building which it takes under lease from of years, gives the company a new lease on life.

**Lowest Cost Lubrication is in the Best Oil!**

NOWHERE does the saying, "Pinching a penny costs a dollar" prove more true than in buying lubrication for your motor car.

This is the most vital thing in an automobile's operation and endurance. The very best is none too good. And the very best leaves no question as to its lower cost.

If a better motor lubricant than Tiolene Motor Oil could be made, The Pure Oil Company would be the one refiner to make it because this company owns entirely the Cabin Creek oil fields producing the highest grade crude known—Super Pennsylvania. Tiolene is made exclusively from this super material.

This is the reason Tiolene is the lowest cost lubricant. Be sure you get only the genuine Pure Oil, Tiolene.
